Set-Up
Packages

THE SET-UP PROCESS:

choose from 4 packages of on-boarding assistance

Select Your Package During Sign-Up

WHAT TYPE OF HELP IS INCLUDED?

Due to the unique nature of your vet practice and based on the compatibility of your data merging into our software, the hours needed for hands-on assistance from our team will vary. You can choose what works best for you, doing most of the set-up yourself or utilize our team to the capacity you choose. Each set-up package includes a fixed number of hours allotted for hands-on help from our team. Additional hours of assistance will be provided at \$65/hour, including for assistance with practice data clean-up, data-conversion, template creation, fixing billing and record errors on the practice side *during or after the initial set-up period.*

STEP 3

Choose your set-up level

SET-UP PACKAGES

choose from our 4 options of on-boarding assistance levels

Select Your Package During Sign-Up

(due to the unique nature of your practice and based on the compatibility of your data, the hours required will vary.)

FAST TRACK SELF SET-UP PACKAGE

Includes up to 5 hours of set-up assistance, **with:**

- This package is designed for you to do the majority of setting up your software/data yourself.
- **Intro-Call:** On-boarding phone call with an overview on how to set-up your new system, and better understand where ThoroVet can improve any areas in your operation, personal to your practice.
- **Set-Up Assistance:** complete review of data formatting and required import templates to assist the vet and explain how to self-import their patients, customers, and pricing, during the set-up process.
- **Training:** (2) hours of phone call/Zoom training with Q/A's on using your new software.

\$300
package fee

It this package right for me?

This package is ideal for new practices/start-ups, those going out on their own without a lot of existing patients/data or if you're comfortable with Excel software and managing your own set-up mostly on your own.

Additional hours of our team's assistance will be provided at \$65/hour

SET-UP PACKAGES

choose from 4 packages of on-boarding assistance

Select Your Package During Sign-Up

(due to the unique nature of your practice and based on the compatibility of your data, the hours required will vary.)

STANDARD SET-UP SERVICE PACKAGE

Includes up to 15 hours of set-up assistance, **with:**

- This package is designed for you to do most set-up yourself along with some help from our team.
- **Intro-Call:** On-boarding phone call with an overview on how to set-up your new system, and better understand where ThoroVet can improve any areas in your operation, personal to your practice.
- **Set-Up Assistance:** populating ThoroVet's data import templates with compatible and correctly formatted data, as an Excel spreadsheet file provided by your office.
- **Review:** complete review on your practice's operation structure and organization of data for set-up.
- **Training:** (2) hours of phone call/Zoom training with Q/A's on using your new software.

\$825
package fee

It this package right for me?

This package is ideal for new practices, those going out on their own, and smaller practices without an extensive amount of data. You should be comfortable working with Excel to import data yourself/self-set up.

Additional hours of assistance will be provided at \$65/hour.

SET-UP PACKAGES

choose from 4 packages of on-boarding assistance

Select Your Package During Sign-Up

(due to the unique nature of your practice and based on the compatibility of your data, the hours required will vary.)

PREMIER SET-UP SERVICE PACKAGE

Includes **up to 45 hours** of set-up assistance, **with:**

- This package is designed to offer more hands-on help from our team during set-up/data conversion.
- **Data Formatting:** assistance to obtain data from your current system in Excel + formatting for import.
- **Data Conversion:** assistance to obtain data in other formats besides Excel; making data compatible.
- **Review:** Intro-call + complete review on your practice's operation structure and organization of data.
- **Training:** (2) hours of phone call/Zoom training with Q/A on using your new software.
- **Templates:** assistance with creating your templates, includes (2) complimentary templates.
- **Previous Balances:** assistance with entering carry-over A/R balances from previous system.

\$2475
package fee

It this package right for me?

This package is ideal for mid-sized to larger practices, multi-vet practices, most racetrack vets, those with a lot of patients/data and will need more hands-on help with data conversion/set-up, or you prefer we handle this for you.

Additional hours of assistance will be provided at \$65/hour.

ADDITIONAL HOURS

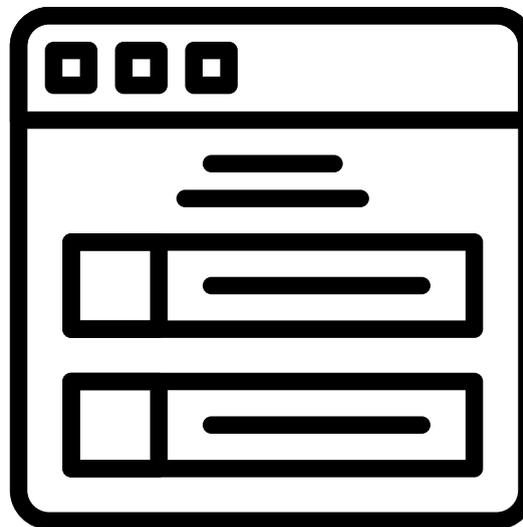

These packages work well for most practices but every practice is different in their needs, amount of data, how organized and correct your existing data is, and how easily it will be to convert your data into our system. No software system seamlessly merges data into another at the push of a button. During the initial calls our team can help determine the best set-up package for you. Any additional hands-on assistance you need during set-up with data conversion, setting up templates or moving records, etc, will be billed at the hourly rate of \$65/hour. We will discuss with you as we go the estimated costs if you will go beyond your set-up package's included hours.

**Additional Hours for Set-Up/Data Conversion
will be Billed at \$65/hour rate**

ADDITIONAL TEMPLATES

Would you like your templates set-up? Our support team can help with setting up your templates. You will be billed on an hourly basis as we understand every customer is unique and some templates may be simple while others can be more detailed. Only pay for the actual time used!

\$65/hour for template set-up

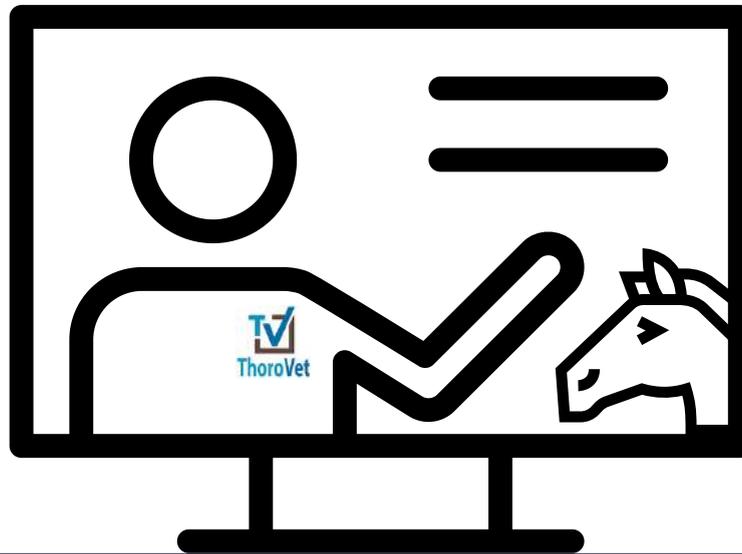

You can add this on any-time, as needed!

ADDITIONAL TRAINING

We include (2) Training/Q&A Zoom Sessions in each package. **Additional training sessions are available anytime, perfect for newly hired staff or veterinarians, or just a refresher on certain areas for your team.**

Zoom Training - \$65/one hour session

You can add this on any-time, as needed!
